

Comprehensive Laundry Solutions

Electrolux Professional provides a full range of high-performance, energy-efficient laundry machines suitable for all laundromat sizes.

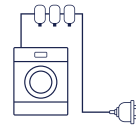

Self-Service Laundry Solutions
Full Product Range Brochure

Washer Extractors

Line 6000

Save time and chemicals with automatic dosing

Quick to install with all functionality embedded

Efficient Water and Wash Technology

Automatic Savings System adjusts water usage based on load size to reduce waste. **Speed Soak** enhances fabric saturation for **better wash quality**.

Power Balance for Stability

Power Balance detects unbalanced loads and adjusts drum speed, **reducing mechanical stress** and **extending machine life**.

User-friendly Control Panel

CompassPro control panel offers **multilingual support** and **intuitive navigation**, enhancing user experience for laundromat customers.

Durability and Flexibility

Heavy-duty components and flexible detergent dosing **improve longevity** and accommodate liquid and powder chemicals.

Tumble Dryers

Line 6000

Energy-Efficient Drying Technology

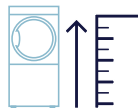

Line 6000 dryers use **axial airflow** and **EcoPower systems** to reduce energy usage and optimize drying time.

Available only for TD6-14 and TD6-20 models.

Versatile Model Capacities

Models TD6-16, TD6-17S, and TD6-30 offer various capacities to fit compact to high-throughput laundromats.

Operator Benefits and Durability

Optimized airflow, lint filtration, reversing drum action, and durable construction reduce maintenance and improve drying quality.

Available only for TD6-14 and TD6-20 models.

Space-saving

The new range **takes less than one square meter** of floor space, regardless of heating system (gas, electric, steam or heat pump).

Combo NEW Washer & Dryer

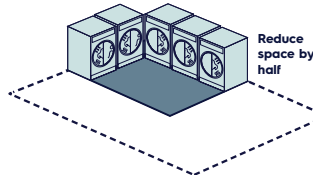

2-in-1 Washer & Dryer with 1-hour Cycle

Integrate washing and drying program in one machine!

Experience business growth with **low running costs**, **easy customer experience** and **fast customer turnover!**

Space Savings
Space-Saving 2-in-1 Design
Combo washer-dryers combine washing and drying, **reducing footprint** and ideal for limited space in APAC markets.

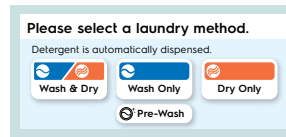

Spin Shower
Innovative Spin Shower Technology
Spin Shower sprays water from above the drum, improving fabric wetting and reducing water use during wash cycles.

Hygiene Drying
Hygiene and Drying Customization
Hot-air drying prevents mold and moisture, while three temperature settings **tailor drying for different garments**.

User Friendly
User-Friendly Interface and Efficiency
Touchscreen supports **multiple languages**, cycle presets, and offers **fast 60-minute full wash-dry cycles** for high throughput.

Easy operation. Hygienic touch screen.

LATEST

SuperSpin Clarus Vibe Washers

Intuitiveness and smooth operations

Provide high standards results while making sure to use just the right amount of water, detergent and therefore energy.

Ultra-High G-force
High-Performance Technology
SuperSpin washers reduce drying time and improve energy efficiency using **ultra-high G-force extraction technology**.

Maximum dewatering

CLARUS VIBE
User-friendly Control Panel
ClarusVibe touchscreen supports **over 34 languages** and **customizable programs** for easy operation in **multilingual laundromats**.

Efficient Dosing
Cost-Saving Features
Automatic water adjustment and **intelligent detergent dosing** optimize resource use and **reduce utility bills**.

Save over 30% on detergent costs.

Hygiene Ergonomics
Hygiene and Ergonomics
RISE-validated disinfection cycles and **ERGOCERT-certified** design enhance cleanliness and reduce operator strain.

myPRO^{XL}

Stacked Washer and Dryer

Professional Quality for Small Businesses

Laundry solutions for small businesses with big loads.

The laundry solution for small businesses that need big loads, such as laundromats, hotel guest laundries, apartment laundry rooms, nursing homes, veterinarians and big beauty saloons. **Extra capacity, durability** and **ultra speed**.

Durable and flexible

myPROXL range guarantees more than **15,000** cycles and it is more durable thanks to **8-point spring suspension**.

Longer lifecycle

Trouble-free operation

Soft-mounted installation design with **pump drain**. Easy buttons for **program and option selection**.

myPRO Heat Pump Dryers

Less vibration and noise

Highly effective shock absorbance system and optimally balanced components and panelling.

Payment option available

myPRO washer
