

Dishwashing

# Just plain simple. Easy dishwashing

green&clean Single & Dual Rinse  
Rack Type Dishwashers

# You talk...

My ideal rack type dishwasher would be easy to install and easy to use. Reliability is a must, optimizing workflow is essential. Break downs and downtime for complex daily maintenance are frustrating and costly.

# ...we listen

We've designed a smooth and solid reliable solution with access to real time data helping you to maximize and organize your dishwashing area. You will increase your profits thanks to lower running costs while easing daily operations. Eliminate downtime with the unique Non-Stop automatic backup mode that allows the machine to keep washing. **Introducing the new Electrolux Professional green&clean Single and Dual Rinse Rack Type Dishwashers.**

**Green**

Low running costs

**Clean**

Brilliant washing results

**Safe**

Guaranteed sanitation

**Easy**

Use and maintenance

# Compact and high performing

The new Electrolux Professional **green&clean Single Rinse Rack Type Dishwasher** offers superior performance, savings and ease of use.

## Only 1,5 liters/rack in 1,20 m length

That's all it takes to clean and sanitize an entire rack of dirty dishes. **Save €3.530\*** a year thanks to superior performance combined with savings in water, energy and chemicals.

**Energy saving up to 7kWh** with Energy Saving Device (ESD).

## Guaranteed sanitation

Reach perfect hygiene with 84 °C constant rinse temperature. Guaranteed also with different water inlet conditions.

\* Cost savings are calculated by Electrolux Professional Lab which is accredited by UL and Intertek. Comparison made between green&clean Single Rinse Rack Type Dishwasher and an equivalent conventional machine using **330 liters/hour** per rinsing at 10 °C inlet. For a restaurant serving 200 meals/peak hour over 360 days period.

100  
racks/hr

### OnE. Your personal digital ally

OnE App, the new Electrolux Professional advanced web platform, monitors and tracks the total process 24/7 providing you with the right solution to optimize your workflow and your dishwashing area. Plus, remote speed diagnosis reducing any inconvenience for unexpected breakdowns.

### Simple to use

green&clean's touchscreen interface talks to you. Up to 24 languages and a new simple touch panel. Easy to understand technical info and guided troubleshooting for fast fixes.

### Simple to install

Fast and easy external connections (water, power and chemicals) tried and tested by Electrolux Professional Authorized Service Partner for a faster and safer set-up.

### Crystal clear washing results

Performance guaranteed for any utensils and wares in case of water pressure drop. The wash and rinse is powerful, allowing the water to reach every corner of the rack.

**Only 10 minutes** to take care of your green&clean Single Rinse Rack Type Dishwasher day by day. Scan to watch the video.

# Ease of use is everything

The new **green&clean Dual Rinse Rack Type Dishwashers** guarantee one of the **lowest running costs in their category** and consistent results load after load. The perfect example of sustainability, reliability and ease of use.

## Use less, save more

Consume only **0,9 - 1,2 liters/rack** in a compact size and **save €2.900\*\*** a year\*.

green&clean's innovative rinse circuit uses less water, less electricity, less detergent and less rinse aid.

**Save up to 7kWh in energy** and guarantee an **optimal working climate** with the Energy Saving Device (ESD)\*.

**Consistent performance and maximum efficiency** overtime with automatic ZeroLime\* descaling device

## Guaranteed sanitation

Reach perfect hygiene with **85 °C constant** rinse temperature. Guaranteed also with different water inlet conditions.

150 to 250  
racks/hr

### OnE. Your personal digital ally

OnE App, the new Electrolux Professional advanced web platform, monitors and tracks the total process 24/7 providing you with the right solution to optimize your workflow and your dishwashing area. Plus, remote speed diagnosis reducing any inconvenience for unexpected breakdowns.

#### Simple to use

green&clean's touchscreen interface talks to you. Up to 24 languages and a new simple touch panel. Easy to understand technical info and guided troubleshooting for fast fixes.

#### Keep washing, no downtime

Keep washing, even if something goes wrong. No more downtime or hand washing whilst your service technician arrives, thanks to the **Non-Stop automatic backup modes**.

#### Simple to install

Fast and easy external connections (water, power and chemicals) tried and tested by Electrolux Professional Authorized Service Partner for a faster and safer set-up.

#### Crystal clear washing results

**Brilliant washing results** and perfectly clean plates at every use thanks to the advanced **ClearBlue** Filtering System\* that keeps water cleaner longer.

\*\* Cost savings are calculated by Electrolux Professional Lab which is accredited by UL and Intertek. Comparison made between green&clean Dual Rinse Rack Type Dishwasher and an equivalent conventional machine using **240 liters/hour** for rinsing at 10 °C inlet, for a restaurant serving 500 meals/peak hour over a 360 day period.

# Stronger roots, highest performance

When considering the cost of an investment, the up-front expense is just the tip of the iceberg. Operating costs accumulate, year after year, and make up the largest share of your expense. With **green&clean Dual Rinse Rack Type** you can save:

**+27%\***  
in profits

Consume only **0,9 - 1,2 liters/rack** in a compact size and **save €2.900\*** a year\*.

green&clean Dual Rinse's innovative rinse circuit uses less water, less electricity, less detergent and less rinse aid.

**22%**

less energy\*

**30%**

less water\*

**32%**

less detergent  
and rinse aid\*

\* Cost savings are calculated by Electrolux Professional Lab which is accredited by UL and Intertek. Comparison made between green&clean Dual Rinse Rack Type Dishwasher and an equivalent conventional machine using **240 liters/hour** for rinsing at 10 °C inlet, for a restaurant serving 500 meals/peak hour over a 360 day period.

# Save energy, save time, save money

green&clean Dual Rinse Rack Type guarantees high efficiency, low energy consumption, lower running costs and consistent performance.

**-22%**  
energy  
consumption

Save 1070 €/year on energy and say goodbye to manual descaling. No limescale build-up means heating elements at maximum efficiency to continue performing over time with automatic **ZeroLime** descaling device.

## Better for you, better for the environment

green&clean Dual Rinse Rack Type makes the workplace cooler and the workers happier while **saving up to 7kWh in energy** thanks to the Energy Saving Device (ESD) which **avoids heat dispersion** into the environment.

# Crystal clear washing performance

Brilliantly clean tableware, utensils, trays and gastronorm containers. green&clean's **ClearBlue Filtering System\*** keeps water free from food residues.

## Outstanding washing performance

Spotlessly clean wares and no downtime to change water.

**ClearBlue Filtering System\*** removes all trace of food residue from the wash water thus improving detergent efficiency and giving outstanding results. With an inclined tank filter, food debris is collected, guided through a multi-stage filtering system and then flushed away.

## Clean water, always

The wash water is always clean without extra effort from the operator thanks to the **automatic wash tank dump& fill\*** during washing. Some 20% of the water is dumped and refilled automatically: every 150 racks for the wash tank and every 50 racks for the pre-wash tank

\* Dual Rinse models

**95%**  
of food residue  
filtered means  
superbly clean  
results, less  
maintenance and  
less downtime\*.

**Crystal clear washing results** thanks to the wide wash arms consistently blasting high water pressure into every corner of the machine. Sparkling results every time.

**Smooth automatic operation** thanks to an optimum distance between the curtain and rinse arm. In this way the curtains do not block the upper arm, ensuring that the rinse water thoroughly covers the complete rack.

# Safety is peace of mind

No more worries, sanitation is always under control thanks to the constant rinse temperature of 85 °C.

## Perfect sanitation

Sanitation and rinse quality are guaranteed with green&clean's **Wash-Safe Control\***. It maintains a constant rinse temperature of 85 °C thanks to the hydraulic system featuring a standard air gap and 3 rinse pumps.

# 85° C

constant rinse temperature means maximum level of hygiene.

\*on selected Dual Rinse models

## Best-in-class safety: DIN 10510 compliant

The new green&clean Dual Rinse Rack Type complies with:

- **German DIN 10510: Food hygiene - Commercial dishwashing with multitank-transport dishwashers - Hygiene requirements, procedure testing** standard for hygiene requirements of multitank dishwashers.

\* Only Dual Rinse models

## Water pressure guarantees a high powered rinse cycle for excellent hygiene

**Optimum hygiene** thanks to the adjustable pressure valve which stabilizes incoming water pressure to ensure the proper rinsing pressure.

# The simple touch

The green&clean touchscreen interface facilitates your daily tasks. Easy operations, easy installation and simply guided troubleshooting.

## A touchscreen interface that talks your language

Using green&clean couldn't be easier. Simple graphics guide the user through the quick and easy steps to access different options. **Different users. Different information.**

Up to **24** languages and a new simple touch panel.

Dual Rinse control panel

### For the operator

Simple animations and little text make everyday use foolproof

### For internal maintenance staff

Easy to access, easy to understand technical info and protected access with a level 1 password.

### For Electrolux Professional Authorized Service Partners

Faster troubleshooting at a glance, technical information and protected access with a level 2 password.

# No more downtime with Non-Stop automatic backup modes\*

Keep washing, even if something goes wrong. No more downtime or hand washing whilst your service technician arrives.

green&clean Single and Dual Rinse Rack Type Dishwashers automatically adopt a different working mode, bypassing faults, to continue washing.

Built-in sensors rapidly identify any issues and activate back-up modes such as altering temperature.

1. When a warning message is notified, push the **CONTINUE** button to activate non-stop automatic backup mode.

2. Your green&clean Rack Type switches into back up mode to allow you to wash, but the **warning sign** ⚠️ reminds the operator to ask for a service check.

\* Dual Rinse models

## Fast fixes thanks to guided troubleshooting

The machine will show you how to troubleshoot. Service intervention is only requested when strictly necessary.

Open cold water notification

## Hassle-free maintenance and repairs. No need to move the machine.

Faster check-ups and repairs with easy front access to all components.

## Prevent downtime

The machine will automatically call for preventive maintenance checks.

# More than just a simple dishwasher

From installation to customization and upgrades at any time, accessories and after-sales support, green&clean gives you much, much more than just a dishwasher.

## Easy installation

No need to open panels or drill holes.

Fast and easy external connections for a faster and safer set-up with plug-in configuration.

Single-point power connection

Water connections

Chemical connections

# Make it to measure

Add various custom options and upgrades whenever you like, even on-site. green&clean Single and Dual Rinse Rack Type Dishwashers grow with your business through time.

First select the right combination for your needs:

**100  
racks/hr**

Washes 300 full meal sets in 2 hours.

Wash + Rinse

	Default installed power	Minimum installed power
Single Rinse*	25,2 kW	13,2 kW

**150  
racks/hr**

Washes 500 full meal sets in 2 hours.

Wash + Rinse

Dual Rinse*	22 kW	12 kW
-------------	-------	-------

**200  
racks/hr**

Reduce labor costs thanks to the pre-wash module.

Pre-wash + Wash + Rinse

Dual Rinse*	22,3 kW	12,3 kW
-------------	---------	---------

**250  
racks/hr**

Increase efficiency and speed with the large pre-wash module.

Pre-wash + Wash + Rinse

Dual Rinse*	28,5 kW	18,5 kW
-------------	---------	---------

\* Hot water connection. For cold water connection, choose model with Energy Saving Device

# green&clean Rack Type Dishwasher grows with your business.

Creating the right green&clean Rack Type for you couldn't be simpler and as your business grows and changes, the unique modular system means that green&clean Rack Type Dishwasher grows with you.

Start with the basic wash and drying modules and add upgrades and customizations at factory level or on-site, whenever you like.

## Then select the right drying solution:

### No dryer

No need for extra drying beyond the natural evaporation generated by the hot temperature of the wares.

**No extra space needed.**

### Medium dryer

Medium capacity, recommended for dishes, fitting straight line set-ups. Available with\* and without door.

dry

560 mm

### Corner dryer

Medium capacity, recommended for dishes, saves space thanks to the front or back exit direction.

dry

872 mm

### Large dryer\*

Medium capacity, recommended for glasses.

dry

850 mm

\* for Dual Rinse models

# Taking care of the details

The entire range of Electrolux Professional Genuine Chemicals is the result of intensive testing in Electrolux Professional laboratories.

## Automatic water softener

Transforms calcium and magnesium ions into non-hardening sodium ions/soluble salts. Rinse aid and detergents achieve good cleaning results with low consumption.

## Automatic water softener with reverse osmosis

Wares emerge sparkling clean with no need for polishing as all traces of minerals and some kind of bacteria are filtered from the water

---

## Medium and hard water

code 0S2092

### C11 Detergent for Dishwashers

For all water types with best performance indicated for glass, crystal, ceramic, porcelain, plastic and stainless steel.

code 0S2094

### C12 Rinse Aid for Dishwashers

Perfect drying results guaranteed, without manual actions. For all types of water hardness. Indicated for glass, crystal, ceramic and porcelain.

---

## Soft and medium water

code 0S2093

### C13 Eco Detergent for Dishwashers

Eco friendly chemical with low environmental impact. Concentrated formula without EDTA, NTA and polyphosphates.

code 0S2095

### C14 Rinse Aid Plus for Dishwasher

For all types of water hardness. Indicated for glass, crystal, ceramic and porcelain.

# OnE, the advanced web platform

Connected  
green&clean  
Single & Dual Rinse  
Rack Type Dishwasher

OnE is the new Electrolux Professional advanced web platform to get top performance from your Electrolux Professional solutions, maximize your revenue and accelerate your return of investment.

## 24/7 monitoring

Zoom into the current status of each green&clean Dishwasher from anywhere at anytime to check washing, rinsing, drying temperatures and at which speed the machine is being used.

**Smart usage.** Use the OnE App to know when your green&clean is on, undersized or oversized so that you can balance the process.

## Maximize profit

Electrolux Professional OnE App helps you reduce consumption to a minimum and optimize the efficiency of your business.

**Smart upgrade of your machine.** Monitoring productivity, you discover you need a pre-wash or a dryer accessory to improve the process. Upgrade as you go along, the green&clean Rack Type grows with your business.

**Smart configuration.** Now you have all the info you need to order your next dishwasher with the capacity right for your business.

OnE App monitors  
your work and helps  
you to create the right  
configuration for your  
dishwashing area.

Digital platform

Physical support

giving you

## Increase equipment uptime

Remote speed diagnosis from anywhere: product code, serial number and any error codes to increase accuracy.

OnE App helps to ensure maximum uptime while reducing any inconvenience for unexpected breakdowns.

For even more benefits subscribe to Essentia Service Agreement.

## Optimize your processes

OnE App gives you the insight to **better organize your production flow**.

Monitor the status of your green&clean Dishwasher fleet, also in multiple locations using direct comparison charts in a single snapshot Track actual processing time, operator waiting time and total working time (whether hourly, daily, monthly or yearly).

The outcome will help you to organize your staff and optimize your work flow avoiding dead times.

**Organize your staff, maximize your time. OnE App tracks every aspect to optimize your workflow.**
