‘For gently drying evening dresses, expensive curtains or waterproof outdoor clothing, the Drying Cabinet is indispensable.’
(Ewa Hanson, housewife)

‘The lives of people in our company depend on their high-quality work clothing. These Drying Cabinets preserve the garments’ protective effect and extend their lifetime.’
(Peter Wagner, general manager)

‘In the winter season, we offer warm ski boots and dry functional clothing and gloves as part of our service – thanks to the Drying Cabinets.’
(Michelle Marchand, ski-resort manager)

‘Our kids love playing outside – in all weathers. The Drying Cabinets get their clothes dry quickly again, which keeps the air indoors dry too!’
(Claudia Doden, preschool teacher)

Longer-lasting garments

The TS560 / TS5121 Drying Cabinets for superior textile care

Delicate drying that's economical too

Maximizing your flexibility while preserving quality

Gentle drying of delicate materials like wool, velvet, silk and linen isn't easy. And when it comes to protections in workwear and sports clothing, boots and gloves, conventional drying solutions have limitations because of the mechanical action.

Why not provide your customers, guests or employees with a simple and efficient way to gently dry their clothing? Imagine their satisfaction as they put on their warm ski boots or dry jackets. Give workers the peace of mind of knowing that the reflective stripes on their workwear will stay intact.
