Electrolux

Excellent solutions
that meets your needs

Commercial laundries need to be competitive.
That is why our solutions are developed to deliver significant time and money savings in the total process through 'Excellence inside' – intelligent features and unique extras.

Electrolux Excellence

Excellence is central to everything we do. By anticipating our customers' needs, we strive for Excellence with our people, innovations, solutions and services. Thus making our customers' work and life easier and more profitable.

Washer Extractor Control
ensures the best utility cost optimisation and customising

Clarus Control®
▶ Fully programmable with up to 194 programs
   for unparalleled versatility
▶ Create new programs directly on Clarus Control®/Clarus TS®
   panel or on your PC with Laundry Program Manager, then transfer
   them to machines via memory card
▶ Intelligent parameters save time, energy and water while
   delivering excellent wash and rinse results in every application
▶ 8 liquid detergent signals, plus efficient detergent dosing
   via connection to Efficient Dosing System
▶ Process monitoring via Certus Management™ Information System

Compass Pro®
▶ Flexible and customisable
▶ Up to 55 programs available of which 15 programmable
▶ Large, clear display in 18 languages, plus Real-time clock
▶ Create new programs on your PC with the Laundry Program Manager,
   then transfer them to machines via USB port
▶ Automatic Saving System: save up to 50% on water for half load
▶ 5 liquid detergent signals
▶ Process monitoring via Certus Management™ Information System

Tumble Dryer Control
ensures the best flexibility and usability

Compass Pro®
▶ Flexible and customisable
▶ Up to 55 programs available of which 15 programmable
  Large, clear display in 18 languages, plus Real-time clock
▶ Create new programs on your PC with the Laundry Program Manager,
  then transfer them to machines via USB port
▶ Process monitoring via Certus Management™ Information System

Selecta Control®
▶ Accurate temperature/humidity control for quick, efficient drying
▶ Automatic inversion of drum rotation
▶ Automatic cooling cycle reduces creasing and improves finish
▶ 9 programs, including for entire electronic cycle,
  exact temperature control and constantly high drying performance
▶ Select drying time, cooling and reverse action
▶ Continuous self-testing, displays and logs error codes
  for easy troubleshooting
▶ Process monitoring via Certus Management™ Information System

Ironer Control
ensures the best results thanks to process optimisation

Electronic control
▶ Large, intuitive display
▶ Indicator light informs operator if retained humidity
  after ironing is too high
▶ Ensures optimum dryness and hygiene, plus compliance
  with risk analysis and bio-contamination quality control
▶ Process monitoring via Certus Management™ Information System

Electro-mechanical control
▶ Easy to read and set
▶ Ironing temperature and speed can be adjusted at any time
▶ Autostop function to maximise ironing belt lifetime (standard)

Excellence
with the environment in mind

Electrolux Professional solutions perfectly match the customers' needs, including the areas of reliability, cost efficiency and sustainability. The products are the best in terms of quality – durability with low running costs. Some installations have been running for more than 40 years!

▶ All Electrolux factories are ISO 14001-certified

▶ All Electrolux Professional products are designed for low water, energy and detergent consumption, and for low emissions into the environment

▶ All Electrolux Professional products are ROHS-compliant and over 95 % recyclable

▶ All units are quality tested, piece by piece, and all of the functions are singularly checked by expert technicians

▶ In the last five years, more than 70% of Electrolux Professional solutions have been updated with features that are always designed with the needs of customers and environmental considerations in mind

Discover the Electrolux Excellence and share more of our thinking at www.electrolux.com/professional
