

Professional cleaning detergents

Selection Guide

Electrolux Genuine Chemicals

The entire range of Electrolux Genuine Chemicals is the result of intensive testing in the Electrolux laboratories.

We take care of your equipment

With Electrolux chemicals we commit to:

- Protect environment and people by developing Ecofriendly chemicals with high quality raw material and low environmental impact
- Create best performing and highly effective cleaning solutions with perfect balance between equipment and chemicals
- Guarantee appliances longevity by means of intensive and accurate laboratory testing, always ensuring the highest performance of the equipment and its components

Taking care of the details

Experts at your service

Our global R&D team and laboratory experts allow us to develop breakthrough technology in-house

Sustainable product

Our products meet extremely high environmental and climate requirements. Each product has overriding general criteria requirements as well as product-specific requirements.

QR code

All Electrolux chemicals present a front label QR code for immediate safety data sheet download

Safety Data Sheet

Safety Data Sheet viewable on all mobile devices: phones, tablets and computers

Selecting the country provides the document in the foreseen local language

Controlled foam

A detergent composition having controlled foaming properties. In addition these formulations demonstrate excellent detergency properties when compared to currently distributed commercial brands.

Dishwashing chemicals

C11 Detergent for Dishwashers - code 0S2092

- Special revised concentrated formula for reduced consumption
- Low environmental impact with reduced carbon footprint
- **For all water types with best performance on medium and hard water**
- **Indicated for glass, crystal, ceramic, porcelain, plastic and stainless steel**
- Intensively field tested by Experts and Customers
- Reliability commitment with no risk of premature parts break due to chemical usage
- Ergonomic packaging with n.2 x 5 liter jugs for easy handling and stocking
- Safety commitment with QR code for immediate Safety Data Sheet download

C12 Rinse Aid for Dishwashers - code 0S2094

- Intensively field tested by Experts and Customers
- **For all types of water hardness**
- **Indicated for glass, crystal, ceramic and porcelain**
- Removes lime scale from dishes, leaving a perfect bright surface
- Reduced appliance lime scale deposit
- Eco friendly chemical with low environmental impact by use of vegetable origin surfactants
- **Perfect drying results guaranteed, without manual actions**
- Ergonomic packaging with n.2 x 5 liter jugs for easy handling and stocking
- Safety commitment with QR code for immediate Safety Data Sheet download

C13 Eco Detergent for Dishwashers - code 0S2093

- Highly concentrated revised formula **without EDTA, NTA and polyphosphates**
- For all water types, with best performance on soft and medium hardness water
- Indicated for glass, crystal, ceramic, porcelain, plastic and metal
- Intensively field tested by Experts and Customers
- Reliability commitment with no risk of premature parts break due to chemical usage
- **Eco friendly chemical with low environmental impact and reduced carbon footprint**
- Ergonomic packaging with n.2 x 5 liter jugs for easy handling and stocking
- Safety commitment with QR code for immediate Safety Data Sheet download

C14 Rinse Aid Plus for Dishwashers - code 0S2095

- Highly concentrated revised formula for reduced consumption
- **For all types of water hardness**
- **Indicated for glass, crystal, ceramic and porcelain**
- Intensively field tested by Experts and Customers
- Perfect drying results guaranteed, without manual actions
- Reduced appliance lime scale deposit
- Removes lime scale from dishes, leaving a perfect bright surface
- Eco friendly chemical with low environmental impact by use of vegetable origin surfactants
- Ergonomic packaging with n.2 x 5 liter jugs for easy handling and stocking
- Safety commitment with QR code for immediate Safety Data Sheet download

Ovens & Hot surfaces chemicals

C20 Extra Strong Detergent for Ovens - code OS2282

- High degreasing power for ovens with integrated washing cycle
- **Environmental friendly chemical with revised formula without EDTA**
- Reliability commitment with no risk of premature parts break due to chemical usage
- Intensively field tested by Experts and Customers
- Ergonomic packaging with n.2 x 5 liter jugs for easy handling and stocking
- Safety commitment with QR code for immediate Safety Data Sheet download

C21 Extra Strong Rinse Aid for Ovens - code OS2283

- Quick drying and perfect shining cavity for ovens with integrated washing cycle
- Eco friendly chemical with low environmental impact by use of vegetable origin surfactants
- Reliability commitment with no risk of premature parts break due to chemical usage
- Intensively field tested by Experts and Customers
- Ergonomic packaging with n.2 x 5 liter jugs for easy handling and stocking
- Safety commitment with QR code for immediate Safety Data Sheet download

C40 Degreaser for Hot Surfaces - code OS1841

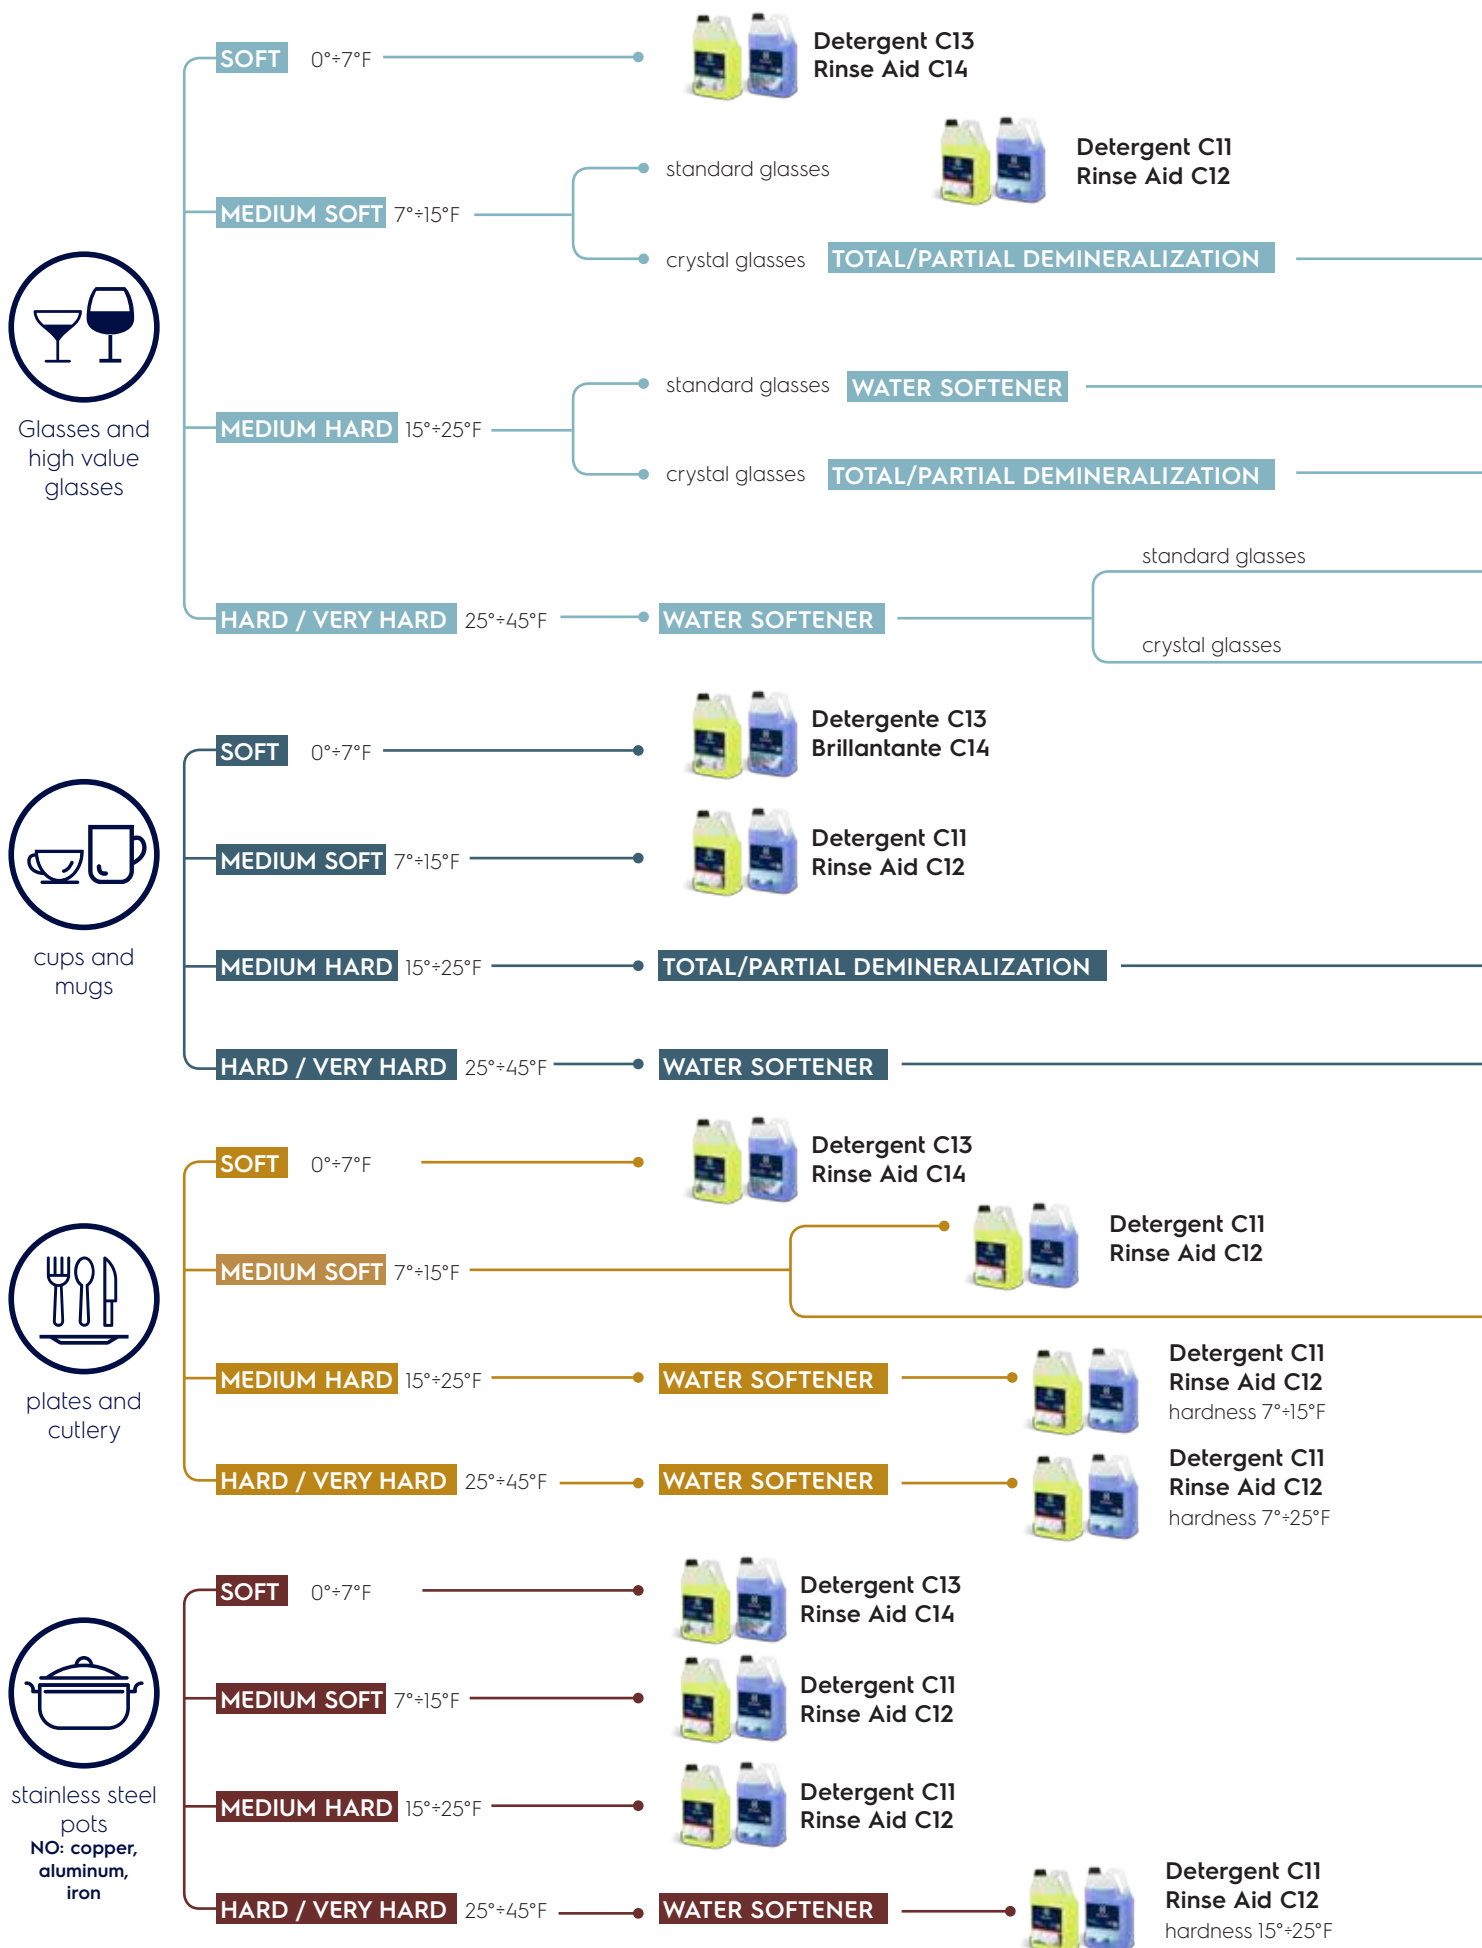

- **Recommended for fry tops and braising pans with mild steel or chromed surfaces**
- Best cleaning performance at high temperature (**165°C – 175°C**), without damaging cooking surfaces
- **Food safe chemical**
- Makes daily cleaning easier and faster, removing all type of carbonized residuals
- Eliminates the risk of food cross-contamination
- Intensively field tested by Experts and Customers
- Reliability commitment with no risk of premature parts break due to chemical usage
- Packaging consisting of n.6 x 1 liter bottles with practical nozzle, including an extra spraying unit
- Safety commitment with QR code for immediate Safety Data Sheet download

C41 Rapid Grease for Speedelight - code OS2292

- **Specifically developed formula for use with Speedelight**
- **Best cleaning performance at high temperature, protecting glass, silicon and stainless steel**
- **Food safe chemical**
- Makes daily cleaning easier and faster, removing all type of carbonized residuals
- Intensively field tested by Experts and Customers
- Reliability commitment with no risk of premature parts break due to chemical usage
- N. 6 x 1 liter bottles with practical nozzle, including an extra spraying unit
- Safety commitment with QR code for immediate Safety Data Sheet download
